I am Irish citizen but lived in Australia from January 2018 to August 2020. Whilst in Australia I was working full time, primarily as an occupational therapist. As per clause 7.7.8 of the Call Document, does this exclude me from being assessed as a category one applicant? If I apply will my application be reviewed under category 2?

As per the Call Document, footnote 8 (page 7), ‘Ordinarily resident refers to the applicant’s place of legal and permanent residence. This will not be deemed as having been interrupted if an absence from the country of ordinary residency has been caused by the training, education or employment of the applicant or the applicant’s spouse or parents.’

As the potential applicant in question was absent from Ireland for reason of employment, this is not deemed as an interruption of their ordinary residence in Ireland. Therefore, the applicant will be assessed as a category 1 applicant.

A potential applicant has earned a 2.2 bachelor’s degree from a university in the past; however, they have since been awarded a first-class (1.1) Higher Diploma from an Irish institution. According to Irish NFQ standards, a Higher Diploma and an Honours bachelor’s degree are both listed as level 8. As such, is this student eligible thanks to their 1.1 Higher Diploma?

As per the Call Document, ‘All applicants must have a first class or upper second-class honours bachelor’s, or the equivalent, degree’, and ‘Host institutions are expected to be guided by QQI and the NFQ in terms of the recognition and equivalence of a degree.’
According to Irish NFQ standards, a Higher Diploma and an Honours Bachelor’s Degree are both listed as level 8. As such, the application in question is eligible as a result of their first-class Higher Diploma.

According to the guide, applications will be deemed ineligible if “the research project as proposed in the application form has previously been funded either in full, or in part, by the Irish Research Council or any other funding agency”.

A potential applicant is currently receiving external funding for a research Masters and is looking to transfer it to a PhD and apply to the scholarship to fund the PhD. Can you please confirm if this is permitted, or would they be deemed ineligible due to their Masters being externally funded?

This clause applies to projects that have already been completed, not ongoing projects. Therefore, it does not apply to any applicants currently registered on a master’s or PhD who wish to apply to the scholarship for funding to complete their degree, or who are transferring from a master’s to a PhD.
