- o Strand 7: Spatial Analysis of Crime, Safety and Confidence' in partnership with the Dep. of Justice and Equality (max €10,000)

Applicant Research Outputs, including Publications:

In the following boxes, please provide information **for up to 5** selected research outputs, which may include publications. This selection may be a list of the applicant's most recent outputs or a selection of the outputs that are most relevant to the aims of the selected New Foundations Strand. The IRC is a signatory of San Francisco Declaration on Research Assessment (DORA), where research is assessed on its own merits rather than based on the journal in which it is published http://research.ie/assets/uploads/2019/02/IRC-position-on-Plan-S_Final.pdf. The IRC also recognises the importance of all research outputs: e.g. creation of data sets, databases and software; conference papers presented; patents granted; excavations; public broadcasts; stage performances; creative writing (such as novels, poetry); creative productions; exhibitions, etc. These may be included here. If you do not have any research outputs, leave this section blank.

Output Type

(max 255 characters)

Output Title

(max 255 characters)

Output Year

Relevance/significance of the output

(max 200 words)

Would you like to add a second output?
Yes/No

All Applicants: Please provide a summary of other relevant research-related achievements to date. This can include but is not limited to previous awards won, conferences organised, contributions to teaching & learning, public-engagement activities, etc.

(max 500 words)

Use this space to provide further evidence of a relevant research track record.

To add up to 5 outputs, select 'Yes' when prompted 'Would you like to add a [second, third, fourth, fifth] publication

Title of Proposed Project

(max 255 characters)

Abbreviation of proposed title

(max 12 characters)

This short title or acronym will be used to identify your proposal in this call. It should be no more than 12 characters. The same acronym should be used in the spreadsheet to be uploaded to this application form.

Primary area/Discipline of proposal

Dropdown list of research disciplines/categories

Secondary area/Discipline of proposal

Dropdown list of disciplines within the chosen primary area/discipline

(For further information and definitions of the research categories, see the Irish Research Council Research Categorisation Publication, here:
http://research.ie/assets/uploads/2017/07/Research-Categorisation.pdf)

The lay abstract should provide a clear understanding of the objectives of the proposal and how they will be achieved. Please be advised that the lay abstract will be used by the Council for dissemination purposes and therefore please be mindful to use accessible language to engage all audiences. It will be used as the short description of the proposal in the assessment process. **It must not contain confidential information.**

Lay proposal abstract

(max 100 words)

Note: Confidential information is personal data including, but not limited to: email address, date of birth, personal details of other participants, nationality. See:
http://research.ie/privacy-and-data-protection/

KEYWORDS

(max 10 words)

We would recommend that you use keywords to describe the technology, science, sector, content or nature of result and potential uses of your result. (Tip: put yourself in the shoes of a fellow researchers. Which keywords would you search for to find a project/finding like yours?)

This detailed proposal description should include a clear description of the aims and objectives of the proposal; the proposal implementation plan; the expected outputs and outcomes of the proposal; the potential impacts and benefits of the proposal.

Detailed Proposal Description

(max 1,000 words)

Applicants to Strand 5 (Creative Ireland Research Grants) are welcome to note here any team members who will be involved in the proposed research.

Objectives

(max 100 words)

Expected Outputs and Outcomes

(max 100 words)

Does your proposed project require ethical approval?
Yes/No

If Yes, please provide details of the ethical implications and how they will be addressed:

(max 150 words)

In the event of a successful outcome to this application, where relevant, written evidence of such ethical approval must be received by the Research Council before activities for which ethical approval are required commence, but no later than three months after the start date of the award.

o Strand 5: Creative Ireland Programme Research Grants (two awards, max €40,000 each)
o Strand 6: In partnership with the Department of Children and Youth Affairs, GUI Networking Events (max €10,000)
o Strand 7: Spatial Analysis of Crime, Safety and Confidence Strand
in partnership with The Department of Justice and Equality (max €10,000)

<u>**Applicant Declarations**</u>

Would you like the Irish Research Council to make your application available to other Funding Agencies and/or Enterprise Partners for funding consideration?
Yes/No

I hereby declare that the above particulars are correct and understand that the circulated 'Terms & Conditions' apply. I accept that failure to abide by the 'Terms and Conditions' may disqualify me from this Scheme. I also authorise the Irish Research Council to verify, if necessary, any of the information supplied in this application.

Please refer to the Terms and Conditions on the Irish Research Council website, http://research.ie/funding/new-foundations/.

> o I Agree

I confirm that the information supplied in this application is correct (NOTE: Should it become apparent that any of the information provided in the application is inaccurate or is not verifiable with appropriate documentation, it will result in the application automatically being deemed ineligible).
> o I Agree
