

Award Type	Applicant	Organisation Name	SFP	Project Title
Postgraduate (Government of Ireland)	Aaron Curtis	Maynooth University		Uncovering host adaptation processes in <i>Aspergillus fumigatus</i>
Postgraduate (Government of Ireland)	Aaron Moore	Trinity College Dublin		Chemistry and Immunogenicity of Skin Lipids in Contact Allergy
Postgraduate (Government of Ireland)	Adam Cruise	University College Dublin		Merging Light-Driven Flow Chemistry and Machine Learning for the Sustainable Production of Pharmaceuticals
Postgraduate (Government of Ireland)	Adedayo Adeniji Oseni	Technological University Dublin		A comparative study of female involvement in entrepreneurship and business leadership in Ireland and Africa
Postgraduate (Government of Ireland)	Adrielle NazarMoraes	Athlone Institute of Technology		A Quality of Experience Evaluation of an Immersive Virtual Reality Application to Assess Spatial Auditory Ability
Postgraduate (Government of Ireland)	Aishwarza Manik	Dublin City University		Learning Chinese via WeChat in a reciprocal peer-learning context: a study of the development of learner autonomy in Bangladesh
Postgraduate (Government of Ireland)	Aisling Greaney	University of Limerick		The role of arachnoid cells in Alzheimer's Disease progression
Postgraduate (Government of Ireland)	Alan Eustace	Trinity College Dublin		The Worker and the Constitution: A Theory of Constitutional Labour Law
Postgraduate (Government of Ireland)	Alessandro Guardascione	University College Dublin		Values and Selfhood in Psychopathology: A Phenomenological Account
Postgraduate (Government of Ireland)	Alma Buholzer	University College Dublin		Kant's Theory of Representation
Postgraduate (Government of Ireland)	Andre Sanchez Pacheco	Trinity College Dublin		Consolidated External Wealth of Nations
Postgraduate (Government of Ireland)	Andrew Clarke	Maynooth University		"Describe the Problem Properly": Hybridity and Ambiguity in the work of Teju Cole.
Postgraduate (Government of Ireland)	Anga Hackula	University College Cork		Decarbonisation of Whiskey Distilleries in a Circular Economy: Investigating Novel Anaerobic Digestion Systems for Valorisation of Waste Streams
Postgraduate (Government of Ireland)	Anika Vishwakarma	Technological University Dublin		Development of new methodologies for prediction of recurrence in oral cancer patients based on Raman spectroscopy
Postgraduate (Government of Ireland)	Anna Filipp	University of Limerick		Green Parties in Government and Climate Policy: A Comparative Study
Postgraduate (Government of Ireland)	Anna Maria Giovannini	Trinity College Dublin		Voice and Emotion in Human and Synthetic Speech – On the acoustics of emotional speech for artificial narration and immersive language learning applications

Postgraduate (Government of Ireland)	Anna Psintrou	Technological University Dublin		Organisational Culture and Stakeholder Dynamics in Men's Football
Postgraduate (Government of Ireland)	Anthony Devlin	Dublin City University		Theological Dissent in the Catholic Church after Vatican II: Expressions, Suppressions, and Possibilities
Postgraduate (Government of Ireland)	Aoife Crowe	National University of Ireland, Galway	Environmental Protection Agency Postgraduate Scholarship	Minding the gap: Determining the ecology of the declining and understudied longhorn beetle family (Coleoptera: Cerambycidae) with reference to ecosystem functioning, habitat requirements and conservation status.
Postgraduate (Government of Ireland)	Apinya Ngoipala	University of Limerick		MHSVAC: Computational study of hydrogen vacancies in metal-hydride nanoparticles
Postgraduate (Government of Ireland)	Ardak Ainabayev	Trinity College Dublin		Fabrication of Al:ZnO/Ti:Fe <sub>2</sub> O <sub>3</sub> /ATM/Ag-PNP heterojunction based photoelectrode modified with Ag plasmonic nanoparticles for efficient solar water splitting
Postgraduate (Government of Ireland)	Audrey Plan	Trinity College Dublin		Strategic interactions between International Courts: convergence and divergence between the European Court of Justice and the European Court of Human Rights
Postgraduate (Government of Ireland)	Awais Manzoor	Technological University Dublin		Customer churn prediction using explainable artificial intelligence techniques
Postgraduate (Government of Ireland)	Aysha Moore	University College Cork		Investigating the Molecular Networks that lead Dominant Respiratory Pathogens to Emerge from within Polymicrobial Communities in Respiratory Disease
Postgraduate (Government of Ireland)	Benjamin Latimer	University College Cork		The Influence of Orogenic and Deep-Crustal Structures on Magma Emplacement: A Magnetic and Structural Analysis of the Fanad Pluton, Northwest Donegal
Postgraduate (Government of Ireland)	Brakemi Egbedi	Waterford Institute of Technology		Shell waste? Waste product or untapped resource?
Postgraduate (Government of Ireland)	Brid McDevitt	Letterkenny Institute of Technology		Application of Wearable Technology to Measure Changes in Physical Activity and Quality of Life in Patients with COPD Undergoing Pulmonary Rehabilitation
Postgraduate (Government of Ireland)	Brina DeWeese	Technological University Dublin		Exploring Resilience in Tourism Destinations in Times of Global Change
Postgraduate (Government of Ireland)	Candace Thomas	University College Dublin		Displacement to Placemaking: How the Kurdish Alevi, Iraqi Yazidi and Irish Travellers navigate identity and change over time, space and place.

Postgraduate (Government of Ireland)	Candi Stumpf	University College Dublin		Investigation of SARS-CoV-2-host cell interactions; alternative viral entry routes and signalling in immune cells
Postgraduate (Government of Ireland)	Carlos Belloch Molina	University College Cork		Strategies to design bioprocesses for sustainable yeast-based production of recombinant proteins and enzymes
Postgraduate (Government of Ireland)	Catherine Healy	National University of Ireland, Galway		Development of a novel animal model of wound pain and investigation of the endocannabinoid system as a novel therapeutic target.
Postgraduate (Government of Ireland)	Catriona Shelly	University of Limerick		Brexit Threat or Opportunity? Identity Change and Wellbeing in Northern Ireland
Postgraduate (Government of Ireland)	Chanyu Yang	University College Dublin	Met Éireann Postgraduate Scholarship	Flood Inundation Forecasting using Machine Learning and Remote Sensing
Postgraduate (Government of Ireland)	Charles Alves de Castro	Technological University Dublin		An investigation of the personality traits that could identify vulnerable young people who will be susceptible to undue influence by social media influencers (SMIs)
Postgraduate (Government of Ireland)	Charlotte Waltz	University College Cork		Ireland After the Eighth Amendment: A Critical Exploration of Provision and Access to Abortion in Cork, Ireland based on Client and Service Provider Perspectives
Postgraduate (Government of Ireland)	Chi Nguyen Mai	University College Dublin		Writing Home? Haiti and Vietnam in Postcolonial Autofiction in French
Postgraduate (Government of Ireland)	Chioke Okolo	Technological University Dublin		Building an Irish Brand: Whiskey profiling for Product Development, Quality Control and Authenticity
Postgraduate (Government of Ireland)	Christina Seery	University College Dublin		Understanding and Managing Adult ADHD Programme (UMAAP): Development and evaluation of an App and group psychoeducation workshops with ADHD-Ireland to support the HSE National Clinical Programme for ADHD in Adults.
Postgraduate (Government of Ireland)	Christopher McMahon	Trinity College Dublin		Changed Utterly: Conceptual Stretching and the Impact of the Tax Cases on EU State Aid Law
Postgraduate (Government of Ireland)	Cian Fogarty	Trinity College Dublin		Improved Solar Thermal Technology For Decarbonising Residential Heating
Postgraduate (Government of Ireland)	Cian Horneck Johnston	Trinity College Dublin		"Improving anti-viral immunity through Innate Immune Training."
Postgraduate (Government of Ireland)	Ciara Finnegan	Maynooth University		A critical analysis of the use of weapons in Outer Space with a view to forming recommendations for regulation from the perspective of the principle of humanity in International Humanitarian Law.

Postgraduate (Government of Ireland)	Ciara Mc Mahon	University College Dublin		Modelling Lennox Gastaut Syndrome using patient-derived cerebral organoids
Postgraduate (Government of Ireland)	Ciara Walsh	University College Dublin		Investigating the use of responsive hydrogels as therapeutic delivery vehicles for spinal cord injury.
Postgraduate (Government of Ireland)	Claire Mc Cormack	University College Dublin		From the pen to the public domain: a critical analysis of mainstream media coverage of agriculture and food; the factors that influence editorial decisions on farm and food production news, and audience impact
Postgraduate (Government of Ireland)	Claire McNamara	Trinity College Dublin		LEX, Linked Data Exploration for Domain Experts
Postgraduate (Government of Ireland)	Claudia Vlad	University College Dublin		Cultural Heritage, civil resistance and transnational governmentality in East Jerusalem and the West Bank (from the Oslo Accords to today)
Postgraduate (Government of Ireland)	Cliona O'Doherty	Trinity College Dublin		Towards Machines That Learn to See Like Humans
Postgraduate (Government of Ireland)	Clodagh Cogley	University College Dublin		End-stage kidney disease and mental health: Bridging the gap.
Postgraduate (Government of Ireland)	Colm McKeever	Maynooth University		Electrochemical investigations into latent fingerprint enhancement on metallic surfaces using electrodeposited films and electrochromic materials.
Postgraduate (Government of Ireland)	Connor McCabe	Trinity College Dublin		Prosodic Structure in Munster Irish
Postgraduate (Government of Ireland)	Conor Healy	University College Cork		Power Converters for Environmental Applications
Postgraduate (Government of Ireland)	Conor Lawlor	Dublin City University		GENOME (Genetic EditiNg Of iMmune cElls)
Postgraduate (Government of Ireland)	Conor O'Donnell	University College Dublin		Making the Invisible Visible: A new disruptive real time imaging platform at the nanoscale for the life sciences
Postgraduate (Government of Ireland)	Daniel Kelly	National University of Ireland, Galway		Serverless Computing: Denial-of-Wallet Attack Mitigation via Reinforcement Learning
Postgraduate (Government of Ireland)	Daragh O'Leary	University College Cork		An Analysis of Firm Dynamics and Seedbed Role
Postgraduate (Government of Ireland)	Dario Galassini	University College Cork		«Poeta che mi guidi»: Dantean Afterlives in the Poetry of Giorgio Caproni, Antonia Pozzi, Vittorio Sereni and Mario Luzi
Postgraduate (Government of Ireland)	Darragh Farrell	Technological University Dublin		Leaving Care and Active Citizenship: An Exploration of Governance Shifts and the Professional Care Habitus

Postgraduate (Government of Ireland)	Darren Wilkinson	University College Cork		Movement and foraging ecology of the world's smallest seabird, the European Storm Petrel ( <i>Hydrobates pelagicus</i> ), in the context of marine spatial planning
Postgraduate (Government of Ireland)	Declan Nell	Trinity College Dublin		SDynamics: Theory of Spin Dynamics at Material Interfaces
Postgraduate (Government of Ireland)	Deirbhile Fitzgerald	University College Cork		Design and use of novel metal catalysts in organic synthesis including use of flow technology
Postgraduate (Government of Ireland)	Dennis van der Pouw Kraan	Galway-Mayo Institute of Technology		Development and application of novel DNA-based screening tools for Irish important bivalve and crustacean species – revolutionising bioassessment to support sustainable resource use and healthy ecosystems
Postgraduate (Government of Ireland)	Diarmuid Moynihan	University College Cork	Environmental Protection Agency Postgraduate Scholarship	SPectroscopic Investigation of the Climatic Effects of Ultraviolet-absorbing Particles (SPICE-UP): a method development and field observation study
Postgraduate (Government of Ireland)	Donal Shiels	University College Cork		Development of a high performing, stable triploid hemp cultivar suitable for cultivation under Irish conditions
Postgraduate (Government of Ireland)	Doris Murphy	University College Cork		Sex Work and Care: A Participatory Action Research Project.
Postgraduate (Government of Ireland)	Duong Quoc Khanh	Maynooth University		THE IMPACT OF GLOBALIZATION ON THE UNEMPLOYMENT: AN EMPIRICAL STUDY IN ASIA-PACIFIC COUNTRIES
Postgraduate (Government of Ireland)	Eamonn Milliken	Maynooth University		German-Austrian Officer Veterans of the Great War in Military Service, 1918-45.
Postgraduate (Government of Ireland)	Edward Henry	National University of Ireland, Galway		Mental Health Spillovers from Serious Family Illness: A Microeconomic Analysis
Postgraduate (Government of Ireland)	Eimear Harrison	University College Dublin		Activation of CO <sub>2</sub> on Polyaza Macrocycles
Postgraduate (Government of Ireland)	Eimear Lagan	Trinity College Dublin		Understanding the role of the H3K27M mutation in DIPG, a paediatric brain cancer.
Postgraduate (Government of Ireland)	Ella Clarke	Trinity College Dublin		Invisible Constructions: Voicing Choreographers Working in Literary Theatre at The Abbey Theatre Today
Postgraduate (Government of Ireland)	Ella O'Sullivan	Technological University Dublin		Raman Spectral profiling of Regulated Cell Death (RCD) modalities in novel Copper(II), Manganese(II) and Silver(I) complexes with 1,10-Phenanthroline ligands.
Postgraduate (Government of Ireland)	Ellen Orchard	Trinity College Dublin		The Child in Irish Poetry: From Yeats to the Present

Postgraduate (Government of Ireland)	Ellen Scally	University College Cork		Cine-film across borders: the history and legacy of amateur production in Ireland
Postgraduate (Government of Ireland)	Emer Brennan	National University of Ireland, Galway		ATR and abscission, the final act of the cell cycle
Postgraduate (Government of Ireland)	Emer Kavanagh	Maynooth University		Signs and Wonders: Magic and the Supernatural in Medieval Ireland
Postgraduate (Government of Ireland)	Emilia Filipczak	University College Dublin		Interpreting human genetic variation in cilia disease using the <i>C. elegans</i> animal model.
Postgraduate (Government of Ireland)	Emily Collins	University College Cork		The development of novel, sulfur-based antiviral agents - a new weapon against HIV.
Postgraduate (Government of Ireland)	Emma Furlong	University College Cork		A General, Green Method for Organocatalytic Asymmetric Alkylation
Postgraduate (Government of Ireland)	Emma Galloway	University College Cork	Environmental Protection Agency Postgraduate Scholarship	Emissions from Animal-Based Fertilizers and their Impact on the Environment and Human Health
Postgraduate (Government of Ireland)	Emma Kirwan	University of Limerick		Loneliness in Young Adulthood: Identification of Risk Factors Using a Mixed Methods Approach
Postgraduate (Government of Ireland)	Emmet de Barra	Trinity College Dublin		Caithréimeanna Uí Néill - Bardic Poems on the Uí Néill 1540-1660
Postgraduate (Government of Ireland)	Emmet Ó Briain	Technological University Dublin		Putting walkers back into 'walkability'. And people into plans. Recovering Lost Detail of Pedestrian Environments.
Postgraduate (Government of Ireland)	Eoghan Chelmiah	Institute of Technology, Carlow		Intelligent Prognostics of Electric Propulsion Systems for Sustainable Eco-Friendly Vehicles
Postgraduate (Government of Ireland)	Eoghan Cronin	Trinity College Dublin		OpenDFT: Machine-learning density functional theory for electron-phonon models on a lattice
Postgraduate (Government of Ireland)	Eoin Gillespie	National University of Ireland, Galway		How ATR Q2144R, a cancer predisposing mutation, affects ATR activation
Postgraduate (Government of Ireland)	Eoin Monaghan	Trinity College Dublin		ML-DFT: Powering Density Functional Theory with Machine Learning
Postgraduate (Government of Ireland)	Eugenia Maria Frezza	Trinity College Dublin		Essays in Applied-Microeconomics and Development: Internet connectivity and gender norms
Postgraduate (Government of Ireland)	Fiona Callan	RCSI University of Medicine and Health Sciences		Musculoskeletal physiotherapy triage in Ireland: investigating prognostic factors, healthcare utilisation and clinical outcomes in people presenting with musculoskeletal pain in secondary care
Postgraduate (Government of Ireland)	Fiona Gryson	Technological University Dublin		Harp Pedagogy in Ireland, 1975-2020: Context, Practice, Performance and Repertoire

Postgraduate (Government of Ireland)	Fiona Neylon	University of Limerick		An Investigation of the Role of CaMK1D in Oncogenic Signalling and as a Potential Therapeutic Target in Diffuse Large B-Cell Lymphoma
Postgraduate (Government of Ireland)	Francis Long	Trinity College Dublin		Protection of Aircraft Communications Using Blockchain Assisted Secure, Verifiable and Timely Network Communications for Passenger Aircraft (and Land Vehicles) Using Distributed Ledgers
Postgraduate (Government of Ireland)	Gail Flanagan	University of Limerick		Investigating Intercultural Communicative Competence (ICC) skills in the Irish technology sector: Focusing on the talk-in-interaction of Irish English speakers in international virtual teams.
Postgraduate (Government of Ireland)	Gearóid Manning	Trinity College Dublin		Bio-Inspired Thiophene-Based Metal-Organic Frameworks For Advanced Energy Conversion Systems
Postgraduate (Government of Ireland)	Gemma McCarthy	University of Limerick		Investigating Workability Interventions to Extend Working Lives
Postgraduate (Government of Ireland)	Georgios Prekas	Trinity College Dublin		The notion of Connecting and Coherence in Manilius' Astronomica
Postgraduate (Government of Ireland)	Grace Pender	University College Dublin		Exploring Plant Architecture in Cannabis sativa.
Postgraduate (Government of Ireland)	Hannah Leonard	Dublin City University		Slanguages connect: pedagogical translation as a means for teaching sociolinguistic variation
Postgraduate (Government of Ireland)	Harriet Finnegan	Maynooth University		HISTORI (Health IT: Stories & Theories of Organisation and Innovation)
Postgraduate (Government of Ireland)	Harrison O'Rourke	National University of Ireland, Galway		Are we on the cusp of the first mass extinction of plants in Earth history – Leaf traits hold the answer by connecting past secret plant extinctions with modern extinctions.
Postgraduate (Government of Ireland)	Helen Fitzmaurice	Dublin City University		Towards a Sociological Analysis of Homework: The Classed, Gendered, and Raced Nature of Primary-School Pupils' Perspectives on Homework
Postgraduate (Government of Ireland)	Hugh Mohan	Dublin City University		Carbon nano-onions For Theranostic Applications (CAFTAN)
Postgraduate (Government of Ireland)	Ian Cecil Scott	Technological University Dublin		3D Orchestration: Immersive analog composition applied to theatre and visual media
Postgraduate (Government of Ireland)	Iqra Chaudhary	Technological University Dublin		Development and validation of Vibrational Spectroscopic Techniques for detection and characterisation of Virus genotypes
Postgraduate (Government of Ireland)	Isaac Bennett	University College Dublin		Changing the Calculus of War: How casualties affect the use of new military technologies in liberal democracies.

Postgraduate (Government of Ireland)	Isaac Obour Mensah	Maynooth University		Detecting Illegal Small-Scale Mines in Ghana Using Data Fusion Deep Learning Approach
Postgraduate (Government of Ireland)	Iuliia Ibragimova	Dublin City University		Navigating the Posthuman: The Sentient Spaceship as a Popular Culture Trope (1941-2020)
Postgraduate (Government of Ireland)	Jack Eoin Rua O'Neill	University College Dublin		Improving understanding of low energy availability (LEA) in elite student athletes: developing an optimal monitoring strategy
Postgraduate (Government of Ireland)	Jack Loughnane	University of Limerick		Brexit and the loss of EU membership: A potential threat to intergroup relations in Northern Ireland
Postgraduate (Government of Ireland)	Jack Lyons	Technological University Dublin		Mathematical Modelling of Photonic Structures for Environmental Sensing
Postgraduate (Government of Ireland)	Jack O' Callaghan	University of Limerick		Predictive modelling and molecular bioengineering led discovery of resistance mediating intrinsically disordered proteins in Enterobacteriaceae
Postgraduate (Government of Ireland)	Jack O'Neill	Trinity College Dublin		Lobbying during a pandemic: Examining the behaviour of Interest Groups during the Covid-19 pandemic.
Postgraduate (Government of Ireland)	James Akpu	Dublin City University		Irish Missionary Enterprise in Nigeria, c.1890-1975
Postgraduate (Government of Ireland)	James Cullen	Waterford Institute of Technology		Microbial profiling of liquid feed for pigs and the impact of strategies to optimise feed microbial quality on the pig gut microbiome
Postgraduate (Government of Ireland)	James Devlin	National University of Ireland, Galway		Fully-conservative CFD on overset grids using exact calculation of intercell area and flux between domains.
Postgraduate (Government of Ireland)	Jamie Bigley	National University of Ireland, Galway		Staging Queer Ecological Strategies towards Climate Justice: Proposing Enviro-Futures through Queer Resilience Tactics and Ethics of Care.
Postgraduate (Government of Ireland)	Jamie McLoughlin	University College Dublin		The Right to Life as a Source of Positive State Human Rights Duties: A Comparative Analysis of the Irish Constitution and International Human Rights Law
Postgraduate (Government of Ireland)	Jarni Braal	University College Cork	Environmental Protection Agency Postgraduate Scholarship	Innovative sensitive detection of atmospheric trace gas isotopologues
Postgraduate (Government of Ireland)	Jerry Hourihane Clancy	Technological University Dublin	Environmental Protection Agency Postgraduate Scholarship	Monitoring And Modelling of Biological Aerosols (MAMBA)
Postgraduate (Government of Ireland)	Joana Amoanab	Maynooth University		Defining the role of transforming growth factor alpha in liver regeneration using 3D culture models

Postgraduate (Government of Ireland)	John Byrne	University College Dublin		PhD Title - Detecting prey from predator scat.
Postgraduate (Government of Ireland)	John E Hughes	RCSI University of Medicine and Health Sciences		Pharmacoepidemiology and pharmacoconomics of drug-drug interactions in older community-dwelling adults.
Postgraduate (Government of Ireland)	Jonathan Devlin	University College Dublin		Development of a Continuous Photochemical Benzyne Forming Process and its Application towards the Synthesis of Bioactive Target Molecules
Postgraduate (Government of Ireland)	Julia Cañas Martínez	University College Dublin	DFA (Andrew Grene Scholarship)	Who are the Western Women of the Islamic State? Exploring the Lives and Motivations of Women in Conflict
Postgraduate (Government of Ireland)	Kaitlyn Weldon	University of Limerick		Development of a novel protein coated microfluidics technology to advance sperm selection for use in assisted human reproduction.
Postgraduate (Government of Ireland)	Kate Nolan	Dun Laoghaire Institute of Art, Design and Technology		Borders as a Peopled Space: Photography, the Effect of Borders on Community Identity and Relationship to Place
Postgraduate (Government of Ireland)	Kathryn Fahy	University of Limerick		Exercise in the non-surgical management of severe osteoarthritis of the shoulder: the feasibility of delivering a novel rehabilitation program.
Postgraduate (Government of Ireland)	Katie Phair	Institute of Technology, Carlow		Inhibition of Cronobacter Pathogenicity Using Milk Powder-based Constituents
Postgraduate (Government of Ireland)	Katie Whelan	University College Dublin		Scéal na mBan' in iriseoireacht na Gaeilge i dtréimhse iar-athbheochana na hÉireann, 1922-1962
Postgraduate (Government of Ireland)	Keitumetse Mabile	Maynooth University		The impact of indigenous knowledge in enhancing lifelong learning amongst the marginalised communities: The case of the San communities in Botswana
Postgraduate (Government of Ireland)	Kelly Adamson	Dublin City University		Public health in crisis: negotiating public health policy in Emergency Ireland, 1939-1950.
Postgraduate (Government of Ireland)	Kelly Louise Rexzy Agra	University College Dublin		Philosophy, the Philosophical Institution, and Epistemic Paralysis
Postgraduate (Government of Ireland)	Kelly Murphy	University of Limerick		Lithium and Sodium Ion Batteries Based on Earth Abundant Materials
Postgraduate (Government of Ireland)	Kevin Cunningham	University College Dublin		Gravitational Waveform Models for Intermediate and Extreme Mass-Ratio Inspirals
Postgraduate (Government of Ireland)	Kieva Byrne	Trinity College Dublin		To investigate the underlying immune biology of Age-Related Macular Degeneration pathology.
Postgraduate (Government of Ireland)	Kristina Leontjevaite	Technological University Dublin		There is "stress" in the air: Analysis of air quality and relationship with adverse mental health disorders in three major Irish cities

Postgraduate (Government of Ireland)	Krystyna Giemza	National University of Ireland, Galway		Precision chromosome engineering to study nucleolar formation in human cells
Postgraduate (Government of Ireland)	Kulsoom Ghias	National University of Ireland, Galway		Scope to improve consumption of oral nutritional supplements by evaluating the impact of protein content, taste levels and texture modification to manage malnutrition in cancer patients using novel sensory nutrition techniques
Postgraduate (Government of Ireland)	Lacie Marie Raymond	Dublin City University		The Lived Experiences of English Language Teachers in Conflict and Post-Conflict Settings: A Study of the Palestinian Context
Postgraduate (Government of Ireland)	Lars Wilmes	University College Cork		The role of the microbiota-gut-brain axis in irritable bowel syndrome and psychiatric comorbidities
Postgraduate (Government of Ireland)	Laure de Tymowski	Maynooth University	Environmental Protection Agency Postgraduate Scholarship	Whose environment, whose city? A critical assessment of environmental justice in South Dublin
Postgraduate (Government of Ireland)	Leah Ennis McLoughlin	University College Dublin		Developing a novel antiviral strategy against SARS-CoV-2 by specifically targeting the host-virus interface
Postgraduate (Government of Ireland)	Levente Nagy	National University of Ireland, Galway		Localized nanocatalysts embedded into a polymeric matrix for CO2 reduction
Postgraduate (Government of Ireland)	Liam Jowett	University College Dublin		Magnetic nanoparticles as local heat seeds for controlled release applications in chemotherapy and tissue engineering
Postgraduate (Government of Ireland)	Liam Sweeney	Dublin City University		Maximising Potential through the Pathway: An interdisciplinary and mixed-method investigation of player development in Irish football
Postgraduate (Government of Ireland)	Lianne Mulder	University College Cork		Development of RNA-based pharmacological intervention to prevent organ failure in sepsis by targeting diseased endothelium.
Postgraduate (Government of Ireland)	Liliyana Mbeve	University of Limerick		THE EFFECTS OF IDENTITY STRATEGIES ON WELL-BEING AND INCLUSION OF OTHERS IN CULTURALLY DIVERSE CONTEXTS
Postgraduate (Government of Ireland)	Loic Wright	University College Dublin		The Life That Men Should Live: Masculinities in Mid-Twentieth-Century Irish Fiction and Culture, 1931-1965
Postgraduate (Government of Ireland)	Longteng Zhang	Technological University Dublin		Increasing the efficiency of silicon photovoltaic cells using an industrially-viable atmospheric dry etch nanotexturing process
Postgraduate (Government of Ireland)	Lucie MARTIN	University College Dublin		Who bears administrative burden, and how does it affect inequality? Behavioural economics and the social distribution of paperwork.

Postgraduate (Government of Ireland)	Lynne Faherty	Trinity College Dublin		The fight for iron at the mitochondria: implications for respiratory infection and disease
Postgraduate (Government of Ireland)	Maëlle Noir	National University of Ireland, Galway		Distilling theory into practise: feminist lawyering as an alternative approach to address GBVAW in the Ugandan refugee context.
Postgraduate (Government of Ireland)	Mairead Barrett	University College Dublin		Power, Politics and Peace of mind: The study of how German financial integration into the global economy before 1914 shaped debates about German national security
Postgraduate (Government of Ireland)	Manasa Hegde	Institute of Technology, Carlow		Development of multifunctional hybrid sol-gel coatings to improve cavitation erosion resistance and antifouling properties of materials for marine applications
Postgraduate (Government of Ireland)	Mandy O'Neill	Dublin City University		On the Edge: Photography, place and the Inner Suburb in the Geographical Imagination
Postgraduate (Government of Ireland)	Manting Mu	Trinity College Dublin		Computationally Driven Design of Precious Metal-free Bimetallic Catalysts for C–C Coupling Reactions
Postgraduate (Government of Ireland)	Marcella Chalella Mazzocato	University College Dublin		Obtaining technological and process improvements in beverage production through food-grade immobilisation system of enzymes
Postgraduate (Government of Ireland)	Margaret Masterson	Trinity College Dublin		Maria Edgeworth in the Pollard Collection of children's books: constructing, collecting and conserving girlhood in the children's literature archive
Postgraduate (Government of Ireland)	Maria Agnese Casellato	University College Dublin		Linguistic Reference: Descriptivism, Externalism and a Middle Course
Postgraduate (Government of Ireland)	Mark Caffrey	National University of Ireland, Galway		Improved real-time ablation zone monitoring using Electrical Impedance Tomography with a central in-tumour electrode.
Postgraduate (Government of Ireland)	Marta Mroczkowska	Institute of Technology, Carlow		Development of piscine gelatin-starch blend thermoset bioplastic as a replacement for petroleum-based plastic and assessment of its biodegradation in soil environment.
Postgraduate (Government of Ireland)	Maryanne Brassil	University College Dublin		Misleading memories: The role of general memory ability in protecting eyewitness recollections from distortion
Postgraduate (Government of Ireland)	Mathieu Bokestael	University College Dublin		Towards a Caring Communitas: Performing Immunitas and Care in Contemporary Scottish Fictions
Postgraduate (Government of Ireland)	Matthew Hellis	Technological University Dublin		Holographic optical elements in vision correction and treatments

Postgraduate (Government of Ireland)	Melanie Garcia	Trinity College Dublin		Improving neuroimaging-based biomarkers of Autism Spectrum Disorder using Deep Learning
Postgraduate (Government of Ireland)	Michael Collins	University College Cork		Microbes, metabolites, and the prefrontal cortex - Investigations into synaptic properties
Postgraduate (Government of Ireland)	Michele Gubello	University College Dublin		Intergenerational transmission of unemployment: Does timing matter?
Postgraduate (Government of Ireland)	Michelle O'Driscoll	University College Cork		Tackling antimicrobial resistance using small molecule disruptors of bacterial communication
Postgraduate (Government of Ireland)	Muhammad azeem	Athlone Institute of Technology		Mechano- Green Chemical Pre-treatment processes promoting waste plastic bio-degradation and upcycling
Postgraduate (Government of Ireland)	Muireann Carmody	University College Cork		Targeted synthesis and biological evaluation of pyrones and related heterocycles as bacteria inhibitors
Postgraduate (Government of Ireland)	Mutian Wang	Institute of Technology, Carlow		Investigating the function, persistence and biosafety of novel functional constructed microbiomes for improved bioremediation of petroleum impacted soil
Postgraduate (Government of Ireland)	Nasser Ahmed Mohammed Al-hajj	Waterford Institute of Technology		Designing novel antibiotic particles for inhalation therapy
Postgraduate (Government of Ireland)	Niall Costello	University College Dublin		The impact of engagement with education and working on cognitive brain health across the life course
Postgraduate (Government of Ireland)	Niall Donlon	University of Limerick		Electrical Resistivity Tomography: from shallow to deep exploration.
Postgraduate (Government of Ireland)	Niall Murray	University College Cork		A People's Republic? Community Experiences of the Irish Revolution, 1916-1923
Postgraduate (Government of Ireland)	Niall O Regan	Technological University Dublin		Surviving Football Management: An understanding of the role of the modern football manager.
Postgraduate (Government of Ireland)	Niamh Duggan	University College Dublin		BREATHE: BacteRial mEchanisms controlling the switch from Acute To cHronic infEction
Postgraduate (Government of Ireland)	Niamh Hickey	University of Limerick		An analysis of distributed leadership in Irish post-primary schools
Postgraduate (Government of Ireland)	Niamh Mockler	National University of Ireland, Galway		Controlled Protein Assembly for the Fabrication of Future Materials
Postgraduate (Government of Ireland)	Niamh O Brien	University of Limerick		What Lies Beneath The Tide - Sonic Deep Mapping and a Shannon Estuary Community
Postgraduate (Government of Ireland)	Nika Melnyk	Trinity College Dublin		Catalysis of organic reactions through non-covalent interactions
Postgraduate (Government of Ireland)	Noor Bakour	RCSI University of Medicine and Health Sciences		Targeting obesity induced metastasis through FKBPL-based therapeutics.

Postgraduate (Government of Ireland)	Noreen Kane	University College Cork		Trauma and the Gendered Body: Postcolonial Women's Narratives in Italy
Postgraduate (Government of Ireland)	Olivia Breen	University College Dublin		Now with added Iron! Incorporating Iron into Recycled Lithium Battery Cathodes to Conserve Critical Raw Materials
Postgraduate (Government of Ireland)	Oran Nagle	Technological University Dublin		The development of plasmonic luminescent solar concentrators for small photovoltaic panels suitable for remote area applications
Postgraduate (Government of Ireland)	Owen Kearney	Technological University Dublin		Functionalised water resistant surface structures for optical detection of microorganisms
Postgraduate (Government of Ireland)	Paraic McGee	Waterford Institute of Technology		Risk disclosure in green bond prospectuses and its impact on pricing: An EU exploratory study
Postgraduate (Government of Ireland)	Patricia Ganly	Technological University Dublin		An Interpretative Phenomenological Analysis of Leadership Mentoring of Female Mentees in Irish Higher Education
Postgraduate (Government of Ireland)	Paul Cannon	Dublin City University		Nanoforest on a Chip (NFoaC) - Oxide nanostructures for DNA Analysis
Postgraduate (Government of Ireland)	Paul Conway	Trinity College Dublin		Innate Memory: The Plasticity Of Instinct
Postgraduate (Government of Ireland)	Paula Austra Klavina	RCSI University of Medicine and Health Sciences		Cardiovascular Rhythms: Does the macrophage molecular clock regulate thrombogenesis to impact on the daily variation in cardiovascular disease incidence?
Postgraduate (Government of Ireland)	Pearce Clancy	National University of Ireland, Galway		The International Law of Neutrality During Peacetime: An Irish Perspective
Postgraduate (Government of Ireland)	Peter McCarthy	University College Dublin		Defining the molecular landscape of paediatric and adolescent acute leukaemia in Tanzania
Postgraduate (Government of Ireland)	Philip Carthy	University College Dublin		Environment, Health, and Economic Well-being: A Long-Term Perspective
Postgraduate (Government of Ireland)	Piers Naughton	National University of Ireland, Galway		A Multi-Attribute Testing Method for Protein Therapeutics using Polarized Excitation Emission Matrix Spectroscopy
Postgraduate (Government of Ireland)	Rachel Allen	National University of Ireland, Galway		Visible light as a means of eradicating uropathogens
Postgraduate (Government of Ireland)	Rachel Claire Brady	University College Dublin		Intellectual Property versus Morality: Analysing the Role of Morality in the Regulation of Patent and Trade Mark Registrations
Postgraduate (Government of Ireland)	Rachel Heavey	Trinity College Dublin		(Re)Listening: A Transdisciplinary Exploration of Resonance in Participatory Publics and Inclusive Curricular Development

Postgraduate (Government of Ireland)	Rachel Lynch	University College Cork		Carbon Dioxide Utilisation for Construction of Non-Natural Amino Acids as Precursors to Novel Peptides and Responsive Biomaterials
Postgraduate (Government of Ireland)	Rachel Moore	University of Limerick		Co-designed community-based physical activity programs for older adults with chronic musculoskeletal pain.
Postgraduate (Government of Ireland)	Rana Ibrahim	Dublin City University		Translating Islamic Law: The Postcolonial Quest for Minority Representation
Postgraduate (Government of Ireland)	Rania Muhareb	National University of Ireland, Galway		The relevance of the apartheid framework for Palestine and other ongoing contexts of institutionalised racial oppression and domination
Postgraduate (Government of Ireland)	Raymond Tang	Technological University Dublin		Rapid Field of Explosives using Colorimetric methods coupled with preconcentration or separation strategies
Postgraduate (Government of Ireland)	Rebecca Lynch	University College Dublin		Development of Catalytic Asymmetric Grignard Synthesis of Tertiary Alcohols
Postgraduate (Government of Ireland)	Rebecca Nolan	Trinity College Dublin		Control of Antibiotic Resistance at the Genetic level in the WHO Priority Pathogen <i>Acinetobacter baumannii</i>
Postgraduate (Government of Ireland)	Rebecca Synnott	Waterford Institute of Technology		Bridging the gap between conservation genetics and red squirrel conservation management
Postgraduate (Government of Ireland)	Riona Walsh	National University of Ireland, Galway		Lyme disease: ecology, epidemiology, risk assessment, and awareness.
Postgraduate (Government of Ireland)	Robyn Cunneen	University of Limerick		The Official Recognition of Irish Sign Language: Exploring Public and Political Discourse in the Construction of a Language Policy Through the Lens of Social Justice
Postgraduate (Government of Ireland)	Roksana Niewadzisz	University College Cork		Post Human embodiment of zoomorphic folk tales: power and transformation beyond “lethal binaries”
Postgraduate (Government of Ireland)	Rosanne Gallenne	University College Dublin		The Trope of the Garden in Poetry by Women in Ireland: A Space of (Re)Definition.
Postgraduate (Government of Ireland)	Rosy Poliscchio	National University of Ireland, Galway		Lanthanide-functionalized vitamin B12 probes for targeted tumor bio-imaging: from rational design to biological evaluation
Postgraduate (Government of Ireland)	Roxane Pret Théodore	University College Dublin		Rethinking political organization from a feminist standpoint: Politicizing an ethics of care and vulnerability.
Postgraduate (Government of Ireland)	SAFA MOHAMMED	Technological University Dublin		Development of a novel multi-scale hybrid flood forecasting model using the fuzzy modelling approach: An application on Irish catchments with diverse physical characteristics and climate conditions

Postgraduate (Government of Ireland)	Sahil Threja	Trinity College Dublin		Does IL-17 drive pathogenic innate and adaptive immune responses during traumatic brain injury?
Postgraduate (Government of Ireland)	Sam Ó Fearraigh	National University of Ireland, Galway		Treoracha Úra i nDrámatúrgacht na Gaeilge
Postgraduate (Government of Ireland)	Saoirse Lally	National University of Ireland, Galway		Language assessment of Polish-English bilingual children in Ireland: towards developing diagnostic tools for speech and language therapy practice.
Postgraduate (Government of Ireland)	Sarah Fleming	Waterford Institute of Technology		A Little Gallic Flair for a Small Irish City? Intoxicating Scenes for Creative Cities
Postgraduate (Government of Ireland)	Sarah Foley	Waterford Institute of Technology		Development of an enhanced gene therapy for Canavan disease using directed evolution
Postgraduate (Government of Ireland)	Sean O'Connor	University of Limerick		An Examination of Team-Based Learning Within an Online Learning Environment: The Influence of Expedited Digital Conversion on Student Engagement.
Postgraduate (Government of Ireland)	Sean O'Rourke	University of Limerick		Flawed Realities: A Social-Constructionist Perspective on Joseph Sheridan Le Fanu's Critiques of Irish Victorian Communities in Times of Socio-Political and Scientific Revolution
Postgraduate (Government of Ireland)	Sean Ritchie	University College Cork	Environmental Protection Agency Postgraduate Scholarship	Atmospheric carbon capture using hybrid PSA and membrane system
Postgraduate (Government of Ireland)	Sebastiaan Bierema	National University of Ireland, Galway		Agonistic utopias: the democratic built environment and imaginary conflict
Postgraduate (Government of Ireland)	Sevita Conejo Caseres	University College Cork		French subtitling practices: a comparative study of translation processes and communication in amateur, professional and professional-amateur subtitling environments
Postgraduate (Government of Ireland)	Shubhangi Kandwal	Trinity College Dublin		Application of rational computer-aided drug design approaches to discover novel small molecule inhibitors of conserved viral non-structural proteins of hepatitis C and SARS-CoV-2
Postgraduate (Government of Ireland)	Sian Kelly	Dublin City University		You can trust me! The impact of maintaining an ideal worker image on employee wellbeing
Postgraduate (Government of Ireland)	Sinéad Harrington	Trinity College Dublin		Electoral failure and policy-change in mainstream parties
Postgraduate (Government of Ireland)	Siva Shaangari Seathu Raman	University College Cork		Doctors voluntary turnover and retention in Ireland public hospitals. A case of rural and urban hospitals.
Postgraduate (Government of Ireland)	Sofia Albrecht	Galway-Mayo Institute of Technology		Impacts of anthropogenic activities and environmental change on the foraging ecology and nutritional status of common dolphin and its

				implications towards sustainable resource management
Postgraduate (Government of Ireland)	Solomon Gwerevende	Dublin City University		The Adaptive Re-use of Indigenous Musical Heritage: Muchongoyo Heritage as a means for sustaining the Livelihoods of the Ndau people in Zimbabwe
Postgraduate (Government of Ireland)	Sophie Quin	Dun Laoghaire Institute of Art, Design and Technology		Quin Films: Children's Animation, National Broadcasting, and Irish Cultural Identity.
Postgraduate (Government of Ireland)	Sowmya Vijayakumar	Athlone Institute of Technology		AI derived Quality of Experience prediction of Immersive Multimedia Experiences
Postgraduate (Government of Ireland)	SZE YING TAN	Maynooth University		Exploring the regulatory role of Pellino proteins in adaptive immunity
Postgraduate (Government of Ireland)	Taguma Nyanga	Technological University Dublin		THE EMERGENCE OF FINANCIAL TECHNOLOGY (FINTECH) AND FINANCING OF SMALL AND MEDIUM ENTERPRISES (SMEs) IN GAUTENG PROVINCE OF SOUTH AFRICA
Postgraduate (Government of Ireland)	Teerna Banerjee	University College Dublin		Functional analysis of endocytic Rab proteins in a 3D cellular context
Postgraduate (Government of Ireland)	Teresa Dowling	Waterford Institute of Technology		An exploration of how contextual factors in Irish healthcare influence the implementation success or failure of Advance Healthcare Directives? (and how can these be modified to increase chances of success?)
Postgraduate (Government of Ireland)	Teresa Dunne	National University of Ireland, Galway		Dead Men Talking: Masculinities and Literary Representations of Death in Post-independence Ireland
Postgraduate (Government of Ireland)	Thinley Chodon	University College Dublin		Worlding' Contemporary Anglophone Writings of the Global Tibetan Diaspora and Exiles: Exploring Resistance, Religiosity and 'Tibetanness'
Postgraduate (Government of Ireland)	Thomas McGrath	Maynooth University		An examination of the Irish in South Africa from the Irish Revolution to the declaration of the South African Republic
Postgraduate (Government of Ireland)	Tomasz Pawlak	Trinity College Dublin		Biocompatible Radical Chemistry for the Construction and Application of Di-ubiquitin Activity-Based Probes of DUBs
Postgraduate (Government of Ireland)	Tracey Keogh	University of Limerick		Depression and psychophysiological reactions to stress: Examining the underlying psychosocial pathways.
Postgraduate (Government of Ireland)	Tsit Sze Jeremy Lam	Trinity College Dublin		The Reception of the Homeric Hymns in Hellenistic Poetry

Postgraduate (Government of Ireland)	Uday Kalyani	Institute of Technology, Carlow		Structural Analysis of an Electronics Chassis and Printed Circuit Boards (PCBs) for Launcher Environment
Postgraduate (Government of Ireland)	Ultán Doherty	Trinity College Dublin		Advanced Statistical Methods for Multi-Sample Gating of Flow Cytometry Data
Postgraduate (Government of Ireland)	Vanessa Becker	University College Dublin		Novel methodologies for nitrogen heterocycle synthesis and functionalisation via pyridylsulfonium salts
Postgraduate (Government of Ireland)	Varsha Sasikumar	Waterford Institute of Technology		Electrochemical Characterisation of Electrode Kinetics in Vanadium-Iron Flow Batteries
Postgraduate (Government of Ireland)	Vera Almeida	RCSI University of Medicine and Health Sciences		Bioengineered 3D in vitro platforms of the primary tumour microenvironment and targeted metastasis tissue as a model for stromal-mediated regulation of the pre-metastatic niche in lung cancer.
Postgraduate (Government of Ireland)	Vinayak Sharma	Technological University Dublin		Developing fluorescence gold nano particles based strip test for Mycotoxin detection
Postgraduate (Government of Ireland)	Vincent Thorne	Trinity College Dublin		Bicycle-sharing systems: riding towards cleaner cities?
Postgraduate (Government of Ireland)	Yang Bai	National University of Ireland, Galway		Simultaneous P recovery, Nitrogen and ECs removal in Iron-sulphides autotrophic denitrification system
Postgraduate (Government of Ireland)	Yue Wang	University College Dublin		SAMHAIN: Suppressing Artefacts in MRI and Holography using AI Networks
Postgraduate (Government of Ireland)	ZHIZHEN WANG	Trinity College Dublin		New Topological Insights on Six-Dimensional Superconformal Field Theory
Postgraduate (Government of Ireland)	ZIYUN LIU	Trinity College Dublin		The Dissemination and Reception of Works from the Irish Literary Revival in China from 1909 to 1949
Postdoc (Government of Ireland)	Adele Bardazzi	Trinity College Dublin		A Textile Poetics of Entanglement
Postdoc (Government of Ireland)	Alice Taylor-Griffiths	Trinity College Dublin		Of Saints and Scribes: Psalms, Sanctity, and Schooling in Medieval Ireland
Postdoc (Government of Ireland)	Anna Viola Sborgi	University College Cork		Media Homes: Screening Housing Precarity in Ireland, the UK and Portugal from the 2008 crisis to COVID-19
Postdoc (Government of Ireland)	Anthony Redmond	Trinity College Dublin		Asynchronous rediploidisation following whole genome duplication: a new model species and a new analytical approach to uncover its contribution to vertebrate evolution and genetic diseases
Postdoc (Government of Ireland)	ANTONIO FERREIRO	Dublin City University		The role of quantum effects in the evolution of the Universe

Postdoc (Government of Ireland)	Anup Kumar Talukder	University College Dublin		Decoding maternal-embryonic communication during pregnancy establishment in cattle
Postdoc (Government of Ireland)	Aoife Kathryn Lucid	University College Cork		Nanoscale engineering of high-efficiency room temperature thermoelectrics: enabling optimisation via atomistic and machine learning approaches
Postdoc (Government of Ireland)	Brendan Spillane	Trinity College Dublin		Credibility and Social Media: What the past can teach us about the future
Postdoc (Government of Ireland)	Christopher Lewin	National University of Ireland, Galway		Linguistic forms and language ideology in the revival of Manx Gaelic
Postdoc (Government of Ireland)	Conor Meleady	University College Dublin		British rule in Muslim holy cities, 1914 - 1948
Postdoc (Government of Ireland)	Daniel Malanski	University College Dublin		Memories of Modernity – Class, Ethnic, Gendered and Environmental discourses on Olympic ceremonies at the turn of the century
Postdoc (Government of Ireland)	Fiadh Tubridy	Maynooth University		Climate change and managed retreat in Ireland: coproducing pathways for just adaptation with vulnerable communities
Postdoc (Government of Ireland)	Danny Hnatyshin	University College Dublin		Rhenium-Osmium (Re-Os) Geochronology of Natural Resources Critical for Sustainable Resource Development in Ireland and Europe
Postdoc (Government of Ireland)	David Obada	Institute of Technology, Sligo		A theoretical and computational study on the effect of polaron formation, defects and mechanical properties on the charge localization and trapping at surfaces of lead-free MASnX3 perovskites
Postdoc (Government of Ireland)	Dinesh Kumar Reddy Medipally	University College Dublin		Development of methods based on vibrational spectroscopy of minimally invasive biofluids for identification of clinically significant prostate cancer
Postdoc (Government of Ireland)	Eavan O'Dochartaigh	National University of Ireland, Galway		The Hidden Arctic: Picturing the North in the Long Nineteenth Century
Postdoc (Government of Ireland)	Edmund Chapman	Maynooth University		The Language of Refuge: Transnational Writers, Antisemitism and Home
Postdoc (Government of Ireland)	Emma Connolly	Trinity College Dublin		Neurocardiovascular instability as a risk factor for progression of Age-related Macular degeneration.
Postdoc (Government of Ireland)	Emma Reece	Trinity College Dublin		Antibiotic Resistance in Polymicrobial Infections.
Postdoc (Government of Ireland)	Enrique José Estévez Campo	University College Dublin		A Novel Multianalytic Investigation of External Morphology and Internal Architecture in Human Juvenile Female and Male Ilium and Femur Using 3D Geometric-Morphometrics and Histo-Morphometrics Analyses

Postdoc (Government of Ireland)	ESEN EFEGLU	Dublin City University		A pincer movement on PDAC: combining proteomics and spectralomics for biological marker discovery
Postdoc (Government of Ireland)	Fernanda Zamboni	University of Limerick		Hyaluronic acid-targeted metabolism in ICU patients with Acute Respiratory Distress Syndrome and COVID-19
Postdoc (Government of Ireland)	Fíóna Gallagher	Dublin City University		Mapping the Miasma'- Ireland's 19th century pandemic: Analysing the 1832 cholera epidemic in provincial Ireland
Postdoc (Government of Ireland)	Georgia Menounou	Dublin City University		Oxidative Gene Editing via Nucleic Acid Click Chemistry
Postdoc (Government of Ireland)	Grace Zhou	Maynooth University		Theorizing Settler Socialism: Economy, Identity, and Power in Post-Socialist Central Asia
Postdoc (Government of Ireland)	Graham Clay	University College Dublin		Hume on the Power of Philosophy
Postdoc (Government of Ireland)	Grant Strachan	Trinity College Dublin		The synthesis and characterisation of metal-free porphyrins: towards a new class of artificial enzymes.
Postdoc (Government of Ireland)	Hala Jaber	University of Limerick		Music on the Move: Music as a Tool of Social Inclusion in the Context of Post-Conflict Migration
Postdoc (Government of Ireland)	Harlei Martin	Trinity College Dublin		Glycosylated Naphthalimides as Pro-Drugs for Cancer Therapy
Postdoc (Government of Ireland)	Ian Woods	RCSI University of Medicine and Health Sciences		ElecTrophINK: Multifunctional conductive 3D printed scaffolds for enhanced spinal cord regeneration
Postdoc (Government of Ireland)	Jennifer Cookman	University of Limerick		Liquid Phase Electron Microscopy as an Innovative Tool to Probe Pharmaceutical Crystallisation
Postdoc (Government of Ireland)	Jesse Harrington	University College Cork		The Life, Career, and Afterlife of St. Lorcán Ua Tuathail (Laurence O'Toole), Archbishop of Dublin
Postdoc (Government of Ireland)	John Dunbar	National University of Ireland, Galway		A stinging reality: Why thousands of children still die every year from scorpion stings in the 21st century?
Postdoc (Government of Ireland)	Joseph Curran	Trinity College Dublin		An Urban History of Dublin Castle c. 1801-1880
Postdoc (Government of Ireland)	Kate Colbert	National University of Ireland, Galway		Building a Framework for Recording Carved Stones in Ireland: The Early Medieval Sculpture at Gallen, Co. Offaly
Postdoc (Government of Ireland)	Katherine Tycz	National University of Ireland, Galway		Printed Prayers in Italy, c. 1460-1660
Postdoc (Government of Ireland)	Konstantinos Panagiotidis	Dublin City University		Nanoparticle metabolite coronas: A neglected feature with important contribution to toxicity

Postdoc (Government of Ireland)	Kwadwo Asare Owusu	University of Limerick		Advanced 3D Network Graphene Supported Ternary Metal Phosphides Anodes for Flexible Sodium- Ion Batteries
Postdoc (Government of Ireland)	Laëtitia Saint-Loubert	University College Dublin		Rethinking Translation Studies from Caribbean meridians: towards an ecosystemic approach
Postdoc (Government of Ireland)	Laura Ryan	National University of Ireland, Galway		Writing Homelessness: Down and Out in Modernist Literature
Postdoc (Government of Ireland)	Luis Felipe Quiroz Iturra	National University of Ireland, Galway		Harnessing haploid inducers in legumes for heterosis boosts to sustainable protein production
Postdoc (Government of Ireland)	Luke Smithers	Trinity College Dublin		Structural characterisation of bacterial lipoprotein processing enzymes in complex with their lipoprotein substrates for structure-based antibiotic development
Postdoc (Government of Ireland)	M. Isabela Troya	University College Cork		Examining individual and psychosocial determinants of self-harm and suicidality in older adults: improving risk assessment and management
Postdoc (Government of Ireland)	Maida Aysla Costa de Oliveira	Trinity College Dublin		2D model surfaces electrodes for redox flow devices
Postdoc (Government of Ireland)	Mara Josi	University College Dublin		Rome, 16 October 1943. History, Memory, Literature
Postdoc (Government of Ireland)	Marco Timpanella	University College Dublin		Algebraic curves over finite fields and Their applications to Coding Theory and Cryptography
Postdoc (Government of Ireland)	Maria Mulvany	University College Dublin		Ghostly Fictions: Haunting, Trauma and Time in Contemporary Irish Historical Fiction
Postdoc (Government of Ireland)	Mark Cullinane	Technological University Dublin		Mediating Democracy at a National Broadcaster: Irish Public Service Media in a Decade of Crisis
Postdoc (Government of Ireland)	Mark Kennedy	University College Cork		Invisible Monsters: Searching for the missing galactic black hole population in the next generation of all sky surveys
Postdoc (Government of Ireland)	Masum Pandey	Technological University Dublin		Development of novel bioresorbable alginate-based microspheres for embolic applications
Postdoc (Government of Ireland)	Matthew Thomson	University College Dublin		Courtly Song and Bodily Desire in Twelfth- and Thirteenth-Century France
Postdoc (Government of Ireland)	Monique Mendonça	University College Cork		BRAINcHING - BRAIn-targeting cyclodextrin-modified Nanoparticles for the delivery of antisense oligonucleotides targeting the Huntingtin Gene
Postdoc (Government of Ireland)	NEELAM YADAV	Trinity College Dublin		Investigation of liquid crystalline nanostructures using a range of complementary techniques for Technological Applications

Postdoc (Government of Ireland)	Pablo Fernandez Velasco	Trinity College Dublin		The Metaphysics of Place
