

Name	HEI/RPO	Partner	Duration (months)	Project Title
<b>Government of Ireland Postgraduate Scholars</b>				
Aaron Empey	University College Dublin		36	Constraining the properties of protoplanetary disks within Earth-like orbits
Aaron Maloney	Technological University of the Shannon		24	UV Stabilization and Recyclability of High-Performance Polymers for In Space Additive Manufacturing
Adam McDonnell	Atlantic Technological University		12	Chemical Profiling of seaweeds from the west of Ireland
Ademar Silva	Trinity College Dublin		36	Understanding disease mechanisms and deciphering the therapeutic potential of novel drugs for the treatment of an incurable paediatric brain cancer, called H3K27M-mutant Diffuse Midline Glioma (DMG)
Agata Wieczorek	Dublin City University		48	Simulated Childbirth: Medical Obstetrics Artefacts and the Political, Artistic and Medical Discourses on Women's Reproductive Rights
Aidan Gilsean	Maynooth University		36	The wounded soldiers of the Land War': a social history of evicted tenants, 1879 to 1939
Ailbhe Conway	University College Dublin		48	Uncovering the pathogenic mechanisms underpinning Warburg micro syndrome
Áine Travers Dineen	Trinity College Dublin		24	Deep Learning for Motion Robust Infant fMRI
Aisling Byrne	University College Dublin		48	Organocatalytic Asymmetric Additions of Sulfenate Anions
alacoque mc alpine	University College Dublin		24	Fashioning an Ethical Supply Chain: Supporting efforts to secure a living wage for European factory workers in the hypermobile garment industry.
Alex Jonah Siekmann	Trinity College Dublin		48	Intertwined: coevolution of cattle and humans in the age of livestock improvement

Alexandra Lapiy	Maynooth University		48	Sensing oxidative stress biomarkers of neurodegenerative disease (SOx)
Alexandra O'Neill	Trinity College Dublin		36	Embracing Tradition: 100 years of fascism and the Classics
Ali Asghar Ghareh Daghi	Maynooth University		24	Managing United States Sanctions: The emergence of a "resistance model" in Iran and Venezuela?
Ali Taha Ozdemir	South East Technological University		12	Design and Evaluation of First-line COVID-19 respiratory defence by immune-Enhancing Nano- Decoys - DEFEND
Allencris John Rubesh Rajan	University College Dublin		48	Charm Quarks in the Proton
Almudena Moreno Borrallo	Trinity College Dublin		36	Polymer-based Nanosystem for the Treatment of Glioblastoma Multi-forme
Ana Maria de Brito Apolónia Andrade Silva	University College Cork		36	The Future Workplace: The Impact of Hybrid Work on Innovation Practices
Andrej Cvetic	Trinity College Dublin		24	The Impact of Electoral Performance of the Right-wing Populist Parties on Political Integration of Muslims in Western Europe
Anna Michalaki	Dublin City University		24	Daphnia as the canary in the coalmine – Effect-based methods for pollution assessment
Anna Mulligan	University College Dublin		48	Microdroplet Chemistry with Native Mass Spectrometry for the Rapid Characterisation of Complex Biopharmaceuticals
Anna Swirk	Trinity College Dublin		48	Regulation of pathogen-induced inflammation by PYHIN proteins in epithelial cells
Anna Zherdeva	Technological University Dublin		24	“How Online Learning Contributes to Management Team Development in Small and Medium-Sized Enterprises (SMEs)”
Anne Marie O'Callaghan	RCSI University of Medicine and Health Sciences		48	Developing An Injectable Hyaluronic Acid Based Hydrogel Containing P2X7 Receptor siRNA Nanoparticles For The Treatment Of Temporal Lobe Epilepsy

Annie Williams	Trinity College Dublin		24	Liquid Modernism: Bodies of Water in Irish and British Literature
Anupa Sara Paulose	University College Dublin		48	Investigating the contribution of microglia to sex-differences in Alzheimer's disease
Aoife Bowman Grangel	University of Limerick		24	Young Carers: Examining the Physical and Mental Health of Young People Providing Informal Care
Aoife Gallagher	University College Cork		12	ARChhIE: A Retrospective Comparison of Irish and Spanish IgE-Mediated Egg Allergy Strategies
Aoife Joy Keogh	University College Dublin		36	An exploration of the impact of the pedagogical practices utilised for literacy education in mainstream Urban DEIS Band 1 primary schools on students' educational trajectories and progression to higher education in Ireland.
Aoife Martin	University College Dublin		24	Expanding the Scope of Biocatalytic Intramolecular Mannich and Aza-Michael Chemistry for the Synthesis of High-Value Targets
Athira Tomy	Maynooth University		24	"Sweetsense" – electroanalysis of sugar molecules using chemoreceptor and redox active materials
Audrey Walshe	University of Galway		24	Women, Natural Sciences and Art in Nineteenth Century Ireland's Botanical Heritage
Aylin Ahmadinia	Maynooth University		48	Bio-based epoxy with layered double hydroxides intercalated with green inhibitors: A new generation of sustainable anti-corrosion coatings with self-healing properties
Beatrice Cipriani	Technological University Dublin		12	A computational approach towards the understanding of diffusion of nanoparticles in biological fluids.
Beatrice Hughes	University College Dublin		48	Unwanted Consensual Sex - The Implications for Women
Ben Murphy	University College Cork		24	Impact of Cancer Cachexia on Respiratory Muscle Function and the Therapeutic Potential of Exercise

Bjorn Vatzlavik	University College Cork		48	Composition and Creation in Acallamh na Senórach
Caroline Godard	University of Limerick		24	What Shapes the European Union's Gender Equality Policy? Explaining Member States' Preference Formation and Decision-Making Outcomes of EU Legislation promoting Gender Equality.
Catalina Amengual Ripoll	Dublin City University		36	Effects of Language Ideologies on the Learning and Use of a Minoritised Language: the Case of Potential New Speakers of Catalan in Mallorca
Caterina Vescovi	University College Cork		48	Gender and Asceticism: Evolution and Role of Female Practitioners on Sacred Mountains in Japan
Catherine Gallagher	Dublin City University		24	The media response to the COVID-19 crisis in Ireland
Chaia Carroll	University College Cork		48	Magnetic Monopole Dynamics from Spin Noise Spectroscopy
Chloë Cass	Maynooth University		24	Left out in the cold: the vulnerable plaintiff in the Irish Civil System
Cian Greaney	University of Limerick		36	Exploring diet quality in Cystic Fibrosis (CF) - enablers and barriers to eating a healthy diet in CF.
Ciara Moloney	Mary Immaculate College		12	English, Irish, both, neither: diaspora and interculturalism in Martin McDonagh's work for stage and screen
Ciarán Courtney O'Toole	University of Limerick		48	A clinical decision-making approach based on MRI for the diagnosis of prostate cancer
Ciarán Hartley	Dublin City University		12	Identity narrative and constitutional flux. Nationalist and Unionist civil society perspectives on Irish unification.
Clara Bosch March	University of Galway		24	The protection of irregular migrants in immediate return cases: the judicial dialogue around Article 4 of Protocol No. 4 ECHR between the European Court of Human Rights, Spain and Italy

Claudia Peroni	Trinity College Dublin		24	A paper-to-practice gap? A comparative case study of the implementation gap in Irish and Italian asylum policy
Colm Ó hUallacháin	University College Dublin		48	Environmental Pollutant Remediation Through Non-Framework Porous Materials
Conor Murphy	Trinity College Dublin		48	Centering the socio-historical experiences of adoptive parents in Ireland, 1952-1987: an archival and oral history study'
Corie Boolukos	University College Cork		48	Constructing 3D models of an entire cold-water coral mound to quantify fine-scale spatio-temporal ecological change over 10 years (Porcupine Seabight, offshore Ireland)
Cormac Kilkenny	Dublin City University		24	Conceptualising the Law of Crypto Assets: Is Private Law Fit for Purpose in an Era of Technological Advancement?
Cristina Cuesta Marti	University College Cork		12	MICROCRAVE: A role for the gut MICRObiota in the Central Regulation of Appetite and stress.
Daragh Gay Gomez	Trinity College Dublin		48	Superlubricity at the microscale
Darragh O'Sullivan	University of Limerick		24	Effects of Guidelines-Based Resistance Exercise Training on Depressive Symptoms among Young Adults With and Without Comorbid Anxiety
David Smyth	Atlantic Technological University		48	Impact of variation in habitat, prey availability and competition in conserving the lesser horseshoe bat
David Young	Trinity College Dublin		24	Balancing exploration and exploitation in recommender systems
Dermot Grant	Trinity College Dublin		24	Locating Remote Greek Island Sanctuaries. Nodes on Networks, Way-points, Seascapes and Enterprise Strategies
Dimitrios Argyros	University College Dublin		24	"Breaking the wheel: What is the role (macro)economic policies in reducing son-preference and gender discrimination in India."
Eabha Hughes	University of Limerick		48	Negotiating the Essentials for Education in Democratic Societies - NEEDS

Eadaoin Ryan	Technological University Dublin		48	Wellwashing: An exploration of workplace well-being practices in the Irish tech sector
Éanna Donohoe	University College Dublin		48	Atomic and Ionic Photo-Emission and Absorption Spectroscopy - Fundamental Data for Astrophysical Spectra Interpretation
Elaine Lowry	University College Dublin		36	Understanding the psychosocial needs of people with a high-risk cancer status and the role of adverse childhood experiences: Towards a trauma-informed approach to care
Emma Berry	Trinity College Dublin		48	Analysis of the effects of targeted support in the mathematics classroom on first year student engagement and attainment in DEIS schools.
Emma Browne	Technological University of the Shannon		12	The medicinal properties of Irish monofloral honey relative to wound healing
Emma Doyle	University College Dublin		36	Understanding the mechanism of PCGF3 synthetic lethality in Synovial Sarcoma.
Eoghan Courtney	University College Dublin		48	A New Twist on Quinazolinaps – A Study of the Asymmetric Suzuki Reaction for the Preparation of Axially Chiral P,N Ligands for Asymmetric Catalysis
Federica Brescia	University of Galway		24	Gold(III)-glycoconjugates as antiviral agents against Severe Acute Respiratory Syndrome Coronavirus-2 (SARS-CoV-2): from rational design to biological evaluations
Felesha Roach	University College Dublin		36	Understanding post-transcriptional regulatory mechanisms important for chronic pain
Fergal Hamrock	Trinity College Dublin		12	Investigating posttranscriptional regulation in the priority pathogen <i>Acinetobacter baumannii</i>
Finn Lannon	University of Limerick		12	Unequal Action: Collective Action Responses to Economic Inequality
Francesca McDonagh	University of Galway		48	Oral colonisation with pathobionts amongst patients with a diagnosis of treatment resistant schizophrenia.

Francesca Nieddu	University College Cork		36	The Genres of the Family Novel, Family Memoir and Childhood Memoir in Italian Women's Writing from the 20th Century to the Present
Francisco Duarte	University of Limerick		36	C5a peptidase interactions with human Type II and Type III interferons and their potential role in inflammatory disease
Frank Gallagher	Maynooth University		48	Hierarchical Semantic Scene Representations for Robot Perception and Action
Gabriel Byczynski	Trinity College Dublin		24	Using Peripheral Nerve Stimulation to Improve Motor Task Learning Outcomes
Gaëlle Clion	University of Limerick		12	"The Rhetoric of Irish and Continental Defences of Poetry in the Thirteenth and Fourteenth Centuries: a Humanist Battle?"
Gareth Lomax	Trinity College Dublin		36	Investigating Conflict Diffusion Processes using earth observation techniques
Gent Cakaj	University College Dublin		36	The Final End of Pure Reason: Kant's Critical Philosophy as a New Foundation for the Christian Religion
Giacomo Lo Conte	University College Dublin		24	Innovation and Inequalities: a geographical perspective
Gordon Daly	RCSI University of Medicine and Health Sciences		36	Integration of aberrant gene expression and spatial genomics to identify new druggable targets to treat breast cancer brain metastasis
Grace Cardiff	Mary Immaculate College		12	Student voice pedagogies and promoting meaningful experiences in primary Physical Education
Gráinne Holland	Trinity College Dublin		48	Exploring the role of the MEN1 gene in EZH2 mutant lymphoma
Gregory Harris	University of Galway		12	What factors impact on Irish post-primary teachers' understandings of intercultural education?
Henry Swords	Trinity College Dublin		48	Reconciling the irreconcilible: loyalism and patriotism in Ireland, 1756-1801
Hope Noonan Stoner	University College Cork		36	Transnational and Diasporic Connections in the Modernist Poetry of Lola Ridge and Julia de Burgos

Inmaculada Vera Carbonell	University College Cork		24	Ethnomusicological approach to the Morismas of Zacatecas. Analysis of colonialism, community and identity.
Ivan Krupa	University College Dublin		24	Defining the extracellular microenvironment for the efficient generation of iPSC derived kidney organoids
Jeff Henderson	Trinity College Dublin		24	Investigating the role of inflammation in regulating ocular outflow resistance in glaucoma
Jessica White	University College Dublin		36	Exploring the role of the motor system in language: A combined approach
Jimmy Goeijenbier	Technological University Dublin		24	Contemporary Irish Piano Music: Perspectives on Practicing and Performing the Commissioned Works of the Dublin International Piano Competition
John O'Doherty	Trinity College Dublin		48	Investigating objective indices of music understanding with multivariate neural data
Jordan Loughlin	Maynooth University		48	Design, synthesis and biological evaluation of novel squarotide based glycoconjugates for selective delivery to cancer cells
Joseph Foley	South East Technological University		12	Engaging Rural Business Communities: Broker Influence on Socio-Economic Development
Julia Burke	RCSI University of Medicine and Health Sciences		48	Functionalizing next generation nerve regeneration biomaterials with gene therapy and electrical stimulation
Kacper Kluza	University College Dublin		48	Design and Synthesis of New Vinyl Sulfone-Based Cysteine Protease Inhibitors
Katherine Gosling	University College Dublin		36	Translating Pain in the Images and Texts of Leonora Carrington and Remedios Varo
Kevin Walsh	University College Cork		12	Submarine Cables Routes from Offshore Windfarms - Seabed Classification Mapping
Kim Zitzmann	University College Dublin		48	Study of the Serum Response Factor interactome in advanced prostate cancer.

Kristina van Kuyck	Dublin City University		24	Contested Public Space: The Changing Meaning of Soviet Heritage in the post-Soviet Baltic States
Laëtitia Nebot-Deneuville	Dublin City University		24	Anglo-American Literary Tourism in Northern Italy
Lia O'Broin	Dublin City University		24	What role can and do nonstate justice systems play in aiding or impeding states in fulfilling their obligations regarding women's access to justice under international human rights law?
Liam Lonergan	Trinity College Dublin		24	Tackling the challenge of dialect variation in Irish speech recognition.
Lima Zhou	University College Dublin		48	Artificial muscles by switching ferroelectrics in the presence of Ca <sup>2+</sup>
Lorna Gurren	Dublin City University		36	Decision-Making Capacity Assessment for Brain Cancer Survivors (Primary and Metastatic): The Co-Design of a Cognitive Science-Informed Practice Guideline for Clinicians
Lorraine Hayman	University of Galway		36	Technology-Facilitated Sexual Violence: A Multi-Site Case Study in Ireland of Emergent Violence Against Women
Lua Henderson	Trinity College Dublin		36	Novel porous transition metal carbides as sustainable catalysts in energy-related applications.
Lucas Dijker	University College Dublin		24	The Authority of Knowledge: How to Reconcile Experts with Democracy
Lucy McCabe	Trinity College Dublin		48	Performative biography: defining Lucia Joyce as an analytic framework within Joyce studies and creative media.
Lucy McCarthy	Trinity College Dublin		48	Understanding the functions of the PRC2-associated ALP proteins in plants and assessing their potential for crop improvement.
Maire McGeehan	University of Limerick		24	Linking the 'Big Five' Personality Traits with Biobehavioural Pathways to Mortality Risk: An Examination of Weight-Related Indicators
Manuel Estevo Lago Rodríguez	University College Dublin		24	Going beyond the media in the era of #MeToo: causality and driving mechanisms of gender social movements.

Margaret Efua Sackey	University of Limerick		12	Increasing Human Papilloma Virus (HPV) vaccine uptake: Strategies used by healthcare professionals for addressing barriers and hesitancy among adolescents.
Maria Redmond	University of Galway		24	Investigation of the endocannabinoid system as a novel therapeutic target for anxiety, depression and impaired cognition associated with chronic wounds
Mark Power	South East Technological University		24	AFUN Intervention: User centric Augmented Reality Application and Monitoring/Assessment platform to engage children with Autism Spectrum Disorder in physical activity to enhance their FUNdamental motor skills, fitness and wellbeing.
Martin Mulligan	University of Galway		24	Risk factors and blood biomarkers for preclinical dementia
Mary Kate Doherty	University College Dublin		48	Isotope tracing to identify the role of earthworms in the novel N-cycle shortcut and nutrient cycle linkages
Matthew Rowe	Trinity College Dublin		48	Development of a Thiol-ene Activated FRET Probe for Cysteinyl Radicals
Meabh Kennedy	Dublin City University		24	Mechanobactericidal surfaces that target antimicrobial resistant bacteria; the key influencing factors for maximum antimicrobial activity (Mechano-Bac)
Melissa Shiels	University College Cork		12	Gift Exchange in the Tudor Conquest of Ireland
Mia Pancotti	Trinity College Dublin		48	A Cognitive Model for Reading in Ancient Greece
Michael Loughman	Dublin City University		12	Doctor, Republican, Statesman: James Ryan and the development of the independent Irish state, 1892-1965
Michael Sweetman	University College Cork		48	Control of the Morphology of Metal Films Deposited on 2D Materials Substrates
Miguel Blázquez Hervás	Atlantic Technological University		12	Humpback whales in Ireland: fine-scale study on their demography, behaviour and health

Moman Khan	University of Galway		36	Generating the Haploid inducer line in perennial ryegrass using CRISPR/Cas9, targeting the MATL gene
Muireann Kate O'Dea	University of Limerick		12	Self-transcendent emotions as a psychological resource against boredom: The key role of meaning in life
Natalie Cunningham	University College Cork		12	UV LEDs in Irish horticulture for the improvement of nutritional content of indoor crops
Nazanin Fereidouni	University of Galway		24	A systematic study on the structure-property relationships of multi-component pharmaceutical materials
Neil O'Sullivan	University College Cork		36	The role of the heme transporter HRG-1 in macrophage heme-iron homeostasis and function.
Niall Buckley	Trinity College Dublin		24	Europe and the Habsburg Question 1916-1945
Niav Fisher	Dublin City University		48	Voices, choices and children as translators: creatively and collaboratively translating foreign language children's texts with children in the primary classroom.
Nicholas Carton	University College Dublin		48	Molecular signal transduction and activation mechanisms in cancer-related Ras proteins
Nixon Logue	Trinity College Dublin		36	Moving Past Google Spain: Proposing a theoretical framework for 'forgetting' in the context of search engines
Oana Gabriela Popa	University College Dublin		48	Catalytic Glycosylations
Odin O'Sullivan	University College Dublin		12	"Blood, Sweat, Respect:" A Genealogy of Reactionary Hardbody Cinema
Ole Lothar Cañadas	Dublin City University		36	Electricity markets with storage costs: From Stochastic modelling, Numerical analysis to optimization
Olena Yedelkina	University College Dublin		36	Chemical physics of lipid bilayers in aqueous ionic liquid solutions: from ionic liquid partitioning to membrane viscoelasticity for bio-nanotechnology applications

Oliver Brockmann	University of Galway		48	Operationalising Critical Pedagogy in Irish and German Social Work Classrooms: An International Comparative Ethnographic Study
Olivia Carey	University College Cork		24	Analysis of SMAUG1 protein motifs and interacting partners - linking regulation of phase separation to human disease
Olivia Finan	University College Dublin		24	Intergenerational Consequences of In-Utero and Early Life Conditions on Human Development Outcomes
Oran Brennan	Trinity College Dublin		48	The development of a solution processing method to form ordered films of insulating 2D nanosheets suitable for use as dielectric layers in capacitors or transistors.
Paris Weavers	University of Galway		48	Mechanisms of Senescence-Induced Somatic Cell Reprogramming
Peter Mac Donnchadha (Mc Donagh)	University College Cork		24	Ecclesiastical Enclosures in Early Medieval Ireland: Investigating the Scale, Layout, and Diversity of Church Sites
Peter O'Donovan	Trinity College Dublin		36	Probing the Multi-Time Correlations of Quantum Many-Body Environments
Rabia Saleem	RCSI University of Medicine and Health Sciences		48	OncoVac: Developing an anticancer mRNA vaccine to treat children with aggressive neuroblastoma
Rachel Coleman Horgan	Atlantic Technological University		48	Using genomic tools to monitor skate and ray communities in Irish Atlantic coastal waters
Rachel Fehily	University College Dublin		36	Adoption, An Interdisciplinary Reframing: Memoir, Legality and Multi-racialism
Rachel Keegan	University of Galway		36	Investigating chromosome segregation and fertility in Drosophila male germline
Rachel Mullaly	RCSI University of Medicine and Health Sciences		24	The Ductus Analysis
Rachel Russell	University College Dublin		24	Timelessness: Metaphysics and Perception in a Timeless World

Rebecca Vining	Maynooth University		48	The Human Costs of Horticulture: An Examination of Migrant Labour and Food Sovereignty in Ireland
Robert Callaghan	University College Cork		48	Post Stroke Depression: A study of risk factors and mechanisms
Robin Steve	University College Dublin		36	Writing the Apocalypse: Bridging Trans Poetics and Trans Ecologies
Roisin Leamy	University of Limerick		48	Development of Heat-stable Therapeutic Proteins as Dried Powdered Formulations (Bio-STABLE)
Ronan Daly	Trinity College Dublin		48	'That weapon... whose touch means death': A Generational History of Catholic Public Morality in Post-Independence Ireland
Rory Baird	RCSI University of Medicine and Health Sciences		48	PEARL : PEptidyl ARginine deiminases – a new generation of antimicrobial drugs
Rory OSullivan	Trinity College Dublin		12	Thucydides and the Form of Politics
Rosemary Daynes Kearney	University of Limerick		12	Online Support Groups for Family Caregivers
Sadhbh Dodd	Trinity College Dublin		36	How is pyocyanin-mediated virulence in Pseudomonas aeruginosa driven by species interactions in the cystic fibrosis lung microbiota?
Salsabil Abdalbaki	University College Dublin		24	Dynamic Topic Modelling and Network Analysis for Water Resources Conflict in the Nile River
Sam Boss	Trinity College Dublin		24	The Right to Freedom of Thought and Conscience: Fortifying the Forum Internum from Technological Threats in the 21st Century
Samantha Glynn	University of Limerick		12	Exploring how injured athlete's story their experience of mental illness.
Samantha O'Sullivan	Technological University of the Shannon		24	A Telehealth and Sensor-based System for User-focused Physical Therapy in Parkinson's Disease
Samantha Tobias	University College Dublin		48	Climate Change Vulnerability of Cultural Landscapes and Intangible Heritage: An integrative people-centered approach

Samuel Valach	Trinity College Dublin		24	Holography and Conformal Field Theories: Black Holes and Causality Bounds
Saoirse Ryan	University of Galway		48	Biomaterial enhanced cellular brain repair for Parkinson's disease
Sarah Sheehan	Dublin City University		48	Health Literacy and Self-Management Behaviours in Prostate Cancer survivors
Saud Ayidi	Dublin City University		48	Catalytic Asymmetric Synthesis of Prostaglandin Therapeutics
Sean Kilroy	University College Dublin		24	The Development of an Antimigration Coating for Gastrointestinal Stents
Seán Rainford	Dublin City University		36	The Republican Approach to Limiting Constitutional Amendment Powers
Shafik Oubihi	University College Dublin		48	Identification of factors responsible for the persistence of fluoroquinolone resistant <i>Campylobacter jejuni</i> in the food chain
Shane Coyle	Maynooth University		48	Glyco-COINs: Glycoconjugates as conjugation inhibitors of Antimicrobial Resistance (AMR) plasmid transfer
Shane Ward	Trinity College Dublin		36	Staging Mac Cumhaigh: The Play of Historical Difference in Drama
Shauna Bell	University College Cork		12	Medication Adherence in Aphasia: : The effect of making medication instructions more accessible for people with post-stroke aphasia
Shauna Mulligan	University of Galway		36	Wartime Slavery and Race in the United States and Nazi Germany during the 1860s and 1940s: A Comparison of Robert Allston's Chicora Wood Plantation in South Carolina (1861-1865) with Hans Aumeier's Klooga Concentration Camp in Nazi Estonia (1941-1945)
Sinéad O'Mahony	Mary Immaculate College		12	Middle Leadership in Irish Primary Schools: A Critical Analysis of Principals' Perspectives.

Siobhán Ayres	Dublin City University		24	Women's and men's self-selection into glass cliff positions and the role of perceived costs
Siobhán O'Reilly	University of Limerick		48	The Feasibility of an Intergenerational Arts-Based Programme for the Health and Wellbeing of Grandparents and Their Grandchildren
Sofiia Tretiak	University of Galway		12	Optimization the existing and developing novel techniques for the extraction and separation of the seaweed-derived polysaccharides and polyphenols.
Sophie Lilburn	University College Cork		48	EPIFLOW: Characterising diffuse groundwater recharge, storage and pollutant transport in the epikarst zone of Irish limestone aquifers
Sophie Ní Riain	University College Cork		48	An Eachtra Ghrinn i bhFilíocht an 18ú hAois
Stephen Healy	Maynooth University		24	Cold Atmospheric Plasma Activated Prodrugs - A New Strategy to Combat Glioblastoma multiforme.
Tata sri surya seetharama kameswari	University College Dublin		48	Probing ciliopathy disease mechanisms using whole animal transcriptome analyses
Théophile Bonjour	University of Limerick		24	The Musicality of Social Lives and Identities: Singing Football Fans in France
Thomas Johnston	University College Dublin		48	Using Block and Ash Flow Deposits to Infer Lava Dome Collapse Dynamics and Resultant Hazards
Topaz Shrestha	University College Cork		24	Going Green: The implications of ecopsychology for human and environmental health
UMAIR JAVAID	University College Dublin		48	Development of bio-based composites with a low carbon footprint for fatigue resistant wind turbine blades.
Victoria Oluwatobi Isa Daniel	Maynooth University		24	Early Legal Advice and Assistance for International Protection Applicants in Ireland
Viktorija Mikaite	University College Dublin		24	Radical MOFs for Medical Imaging

William Kearney	Maynooth University		24	Passing it on: The significance of gesture in the embodiment of Irish traditional dance music and dance.
Xiaoyu Wang	University College Dublin		12	Novel collagen-based fillable matrix for chronic wound healing
Yik Long Leung	University College Dublin		48	From Suffering to Critique: Negative Dialectics 2022
Yvonne Kiely	Dublin City University		24	Gender and Music Industry Work in Ireland: An Intersectional Investigation into How Gender Operates in Music Industry Organisations and at Home
Zarah McGeever	Dublin City University		48	New Methods for the Catalytic Asymmetric Synthesis of Therapeutic Nucleosides
Áine Mannion	University College Cork	<b>Postgraduate Scholarship in Childhood Disadvantage in Ireland</b>	36	An evidence base for the falling numbers of children in detention: The role of Diversion and Judicial Decision-making
Calum MacLaren	University College Dublin	<b>Environmental Protection Agency</b>	36	Legal Accountability for Environmental Harm Caused by Climate Change: the Emerging Field of Corporate Responsibility
Christopher Stewart	University of Galway	<b>Met Éireann</b>	24	Fingerprinting abrupt climate change in the West of Ireland: A high-resolution timeline of deglaciation and landscape evolution in West Mayo
Criostóir King	Maynooth University	<b>Environmental Protection Agency</b>	48	Contested Transitions: Environmental Conflicts and Justice in Rural Ireland
Doireann O'Leary Brennan	University College Cork	<b>Environmental Protection Agency</b>	48	Sustainable chemical upcycling of waste polyolefins by rational design of heterogeneous catalysts

Eugene McKeown	University of Galway	<b>Environmental Protection Agency</b>	48	Assessing the socio-cultural effects of noise from offshore windfarms on coastal soundscapes
Garreth Gibney	University of Galway	<b>Environmental Protection Agency</b>	36	Climate Change, Health Outcomes and Adaptation: A micro-econometric analysis of factors mediating the health impacts of extreme temperatures in a temperate climate and implications for health inequalities under various climate change scenarios.
Gemma Davis	Dublin City University	<b>Met Éireann</b>	48	Pollen Monitoring and air mass trajectory analysis
Hannah Frank	Trinity College Dublin	<b>Andrew Grene Postgraduate Scholarship in Conflict Resolution</b>	24	Why do some protests escalate to civil conflict while others do not?
Lorna Burke	Dublin City University	<b>Postgraduate Scholarship in Childhood Disadvantage in Ireland</b>	36	To what extent is the LifeLab Dublin intervention feasible in improving health literacy, and health behaviour (diet, physical activity, substance misuse, mental health and wellbeing, sleep) in disadvantaged youth?
Niamh Guiry	University College Cork	<b>Environmental Protection Agency</b>	36	Mapping the Legal Influences of and Implications for International Law of the 2030 Sustainable Development Goals
Sara Ponce	University College Dublin	<b>Postgraduate Scholarship in Childhood Disadvantage in Ireland</b>	36	Travellers in Transition: Parent, Child, and Educator Experiences of Early Childhood Education and Care

Tara Ciric	Maynooth University	<b>Postgraduate Scholarship in Childhood Disadvantage in Ireland</b>	36	Invisible and unheard: Young people, education and care in Ireland
Tiernan Brosnan	University of Limerick	<b>Met Éireann</b>	48	Synthetic Aperture RADAR with Applications to Meteorology.
<b>Government of Ireland Postdoctoral Fellows</b>				
Adam Behan	Maynooth University		24	Irish Popular Music and Hegemonic Masculinity, 1968–2000
Adrián M. Alambiaga-Caravaca	RCSI University of Medicine and Health Sciences		24	3D printed soft materials for anti-fibrotic therapeutic delivery in post-surgery glaucoma patients
Ahmed Mohamed	Trinity College Dublin		24	A hybrid microalgal-bacterial granular sludge system for energy-efficient wastewater treatment and sustainable resources recovery
Aisté Kiltinavičiūtė	University College Cork		12	Dreams and Visions in Dante and the Italian Middle Ages
Ajay Iyer	University College Dublin		24	The STALWART project: Study of Algal proteolytic ability for WASTE Revalorisation from leaf protein extract .
Aleksandra Serafin	University of Limerick		24	Development of ionically conductive scaffolds with conductive and mechanical gradients for spinal cord injury repair
Amir Abdo	University of Galway		24	Reactive oxygen and nitrogen species-shielding and carbon monoxide-generating microgels for the treatment of triple negative breast cancer
Anne Beaucamp - Mc Loughlin	University of Limerick		24	Next generation lignin-based carbon fibres: Diagnostic and recyclability of sustainably based composites materials
Anthony Kelly	Maynooth University		24	Forceful Fandoms: Interrogating the Antagonistic Digital Labour Practices of Political Influencer Social Media Audiences
Anurag Pritam	University College Cork		24	Room temperature multiferroicity in higher-layered homologues of Aurivillius films for sustainable data storage applications
Balasubramaniam Meichandiran	University of Limerick		24	Development of Advanced Functional Electrolytes for Suppressing SEI Dissolution in High-Performance Sodium-ion Batteries

Caleb Althorpe	Trinity College Dublin		24	Justice and Meaningful Work
Carlos Matellan	University College Dublin		24	Mechanical Reprogramming of Macrophages Towards Liver Fibrosis Resolution
Christian Schweizer	University of Galway		24	Dicuil – an Irish and Carolingian Universalist and his Intellectual Legacy (DICUIL)
Christoph Neuenschwander	University College Dublin		24	Language Variation and Social Meaning in Hawai'i Creole: Reconceptualising Creole Languages through Sociolinguistic Methods
Christopher McCann	University of Galway		24	Ag seinm a rúnphort/Playing his secret tune: Music in the fiction of Máirtín Ó Cadhain
Chrysi Kyratsou	University College Dublin		12	Musicking encounters and pathways to inclusion: uses of music among asylum- seekers in Greek reception centres
Claire Raissian	University College Cork		12	Breaking Down Barriers to Rights for Unaccompanied Children in Migration: Why Intersectional Discrimination Matters
Clíona de Bhailís	University of Galway		24	Exploring young people who use non-traditional communication opportunities to access supported decision making under the Assisted Decision - Making Capacity Act 2015
Cynthia Fontes Candia	Teagasc		24	Valorisation of polysaccharide-rich residual fractions obtained from deproteinized legumes to produce emulsion gels.
Darren O'Connell	University College Dublin		24	The ecological genomics of a hyper-diverse genus of wild pollinators
De Van Vo	University of Limerick		24	Development of on-line CPD resources for secondary school science teachers in Ireland: Introduction of dynamic and interactive pedagogies and suitable formative tasks for assessing and teaching science inquiry skills
Eike Buabang	Trinity College Dublin		24	Understanding the mechanisms of habits and compulsivity: A neural decoding approach

Eilis Smyth	Trinity College Dublin		24	Smock Alley Shakespeare: the politics of performing Shakespeare at the Theatre Royal Dublin, 1662-1787
Ellie Crabtree	Trinity College Dublin		24	Investigating how translingual experiences intersect with the methodological becoming of doctoral researchers
Eoghan Totten	Dublin Institute for Advanced Studies		24	Rapid Retrieval of Seismic Velocity Models Using Fourier Neural Operator-based Deep Learning
Evan Bourke	Maynooth University		24	Crown Again the Poet's Head: Decolonising Data and Rewriting Ireland 1541-1660
Francesca Econimo	Trinity College Dublin		12	Ovid in Thebes. Reading the "Thebaid" of Statius through the "Metamorphoses"
Francesco Milella	University College Dublin		24	Opera, Enlightenment and empire in the late-colonial Spanish Atlantic, 1770-1820
Gangireddy Sujeevan Reddy	University College Cork		24	Design, synthesis and evaluation of novel anti-inflammatories derived from pro-resolving mediators
Gary Hussey	University College Dublin		12	Spatialising Antagonism: A post-foundational analysis of space, violence, and the political in northern Ireland.
Gillian Maher	University College Cork		24	Developing a novel approach to harness Irish maternal and newborn data to improve pregnancy outcomes for mothers and babies.
Gordon Greville	Maynooth University		24	The role of alpha-2-macroglobulin N-glycosylation in the progression of chronic liver disease
Hilary White	Maynooth University		24	Forms of Sleep: Literary Experiments in Somnolence, 1920–the present
Ilze Skujina	University of Galway		24	First in vitro comparison of time-dependant DNA damage response in short-lived <i>Molossus molossus</i> and long-lived <i>Myotis myotis</i> bat fibroblasts to ionizing radiation exposure and comparison to model organisms.

Ivan Čmelo	Trinity College Dublin		24	New tricks for old dogs – development of a high-throughput, open-source computational pipeline for target fishing
Janith Manohara Bandara Wanigasekara Waigasekara Mudi-yanselage	Technological University Dublin		24	ACCELERAT3D: Advanced 3D culture models to accelerate therapeutic discovery and development for brain cancer
Jason Ng	University College Cork		24	Networking Asia-Pacific Hip-Hop (NAPHH)
Jorge Mario Cortes Mendoza	National College of Ireland		24	Parallel processing of secure machine learning models based on residue number systems in cloud environments
Joshua Hambleton-Jewell	University College Dublin		24	Formal Subsumption, Neoliberalism, and Literary Form in World-Literature: 1970-Present
Karl Rönby	University College Cork		24	Control of interconnect metal morphology on complex substrates for 3D neuromorphic architectures
Katherine Lavelle	University College Cork		24	FermLAB: Fermentation of Plant-based milk alternatives by Lactic Acid Bacteria
Katy Brown	Maynooth University		24	Reporting and engaging with the far right: the role of the media in understanding, mainstreaming and countering the far right
Lara Rodríguez Outeiriño	University of Galway		24	Therapeutic modulation of miR-106b-5p in muscle stem cells in ageing and motor neuron disease
Leon Wash	Trinity College Dublin		24	"Rhyme" in Ancient Greek Hexametric and Elegiac Poetry
Louise Caulfield	Trinity College Dublin		12	The Story of Marble in Victorian Ireland: From quarry to building
Luiza Morawska	University College Cork		24	Unravelling transcriptional control of carbohydrate metabolism in bifidobacteria

Manon Clairbaux	University College Cork		24	Tracking seabird-fisheries interactions: knowledge gaps and consequences on seabird energy balance in the Celtic sea.
Margaritha Mysior	University College Dublin		12	RNAi and drug perturbation screens of endomembrane system function in spheroids
Maria Alhajji	University of Limerick		24	Fundamental In-Situ Investigation of Kinetics, Stress and Morphology of Fe Deposition in Iron Flow Batteries
Mariana Silva	University of Limerick		24	Development of a representative in vitro model of the human testes coupled with automated analysis
Marita Hennessy	University College Cork		24	Supporting maternity care staff in the aftermath of an adverse event: Development and pilot testing of a scalable psychosocial intervention
Matt Prout	University College Dublin		24	Philosophy in Practice: Living and Thinking in Contemporary North American Autofiction
Nidhi Kedia-Mehta	Maynooth University		24	Investigation into obesity related defects in MAIT cells - is glutamine the missing link?
Oksana Vynnyk	Maynooth University		24	Healing War Wounds and Building the State: Disabled Veteran in the Interwar Polish Cities
Omnia Zayed	University of Galway		24	Glór: A Holistic Approach to Social Media Language Analysis
Patrick Anthony	University College Dublin		24	Anthropocene Frontiers: Colonial Climate Science in Siberia and the Steppe
Patrick Mahoney	University of Galway		24	Cowboys, Colonialism and Ceol Tíre: Consuming American Western Culture in Ireland since 1922
Rebecca Walker	Trinity College Dublin		24	Madonnas, Mystics, and Materialists: Religion and Spirituality in Modern Italian Women's Writing
Rinki Singh	Dublin City University		24	Development of aptamer functionalised hydrogels for the wearable monitoring inflammatory biomarkers from skin (AptaGel)

Robert Corbally	University College Dublin		12	Drive-By Bridge Monitoring using Machine Learning
Rory Harder	University College Dublin		24	Communication and Institution
Sarpong Hammond Antwi	Dundalk Institute of Technology		24	Water resource governance and management transition: An actor-network analysis of stakeholders in the Republic of Ireland.
Shaima Magdaline Dsouza	University of Galway		24	Modelling Shear Shock Waves in the Brain with Machine Learning
Silas O'Toole	University College Dublin		24	Real time imaging beyond the diffraction limit as a new diagnostic tool
Sogol Moradian	University of Galway		24	State-of-the-art early-warning flood prediction system for Ireland: design, implementation and computational modules
Sonya Cronin	University College Dublin		24	Royalist Counter-Publics: Women, Forms of Correspondence and Literary Networks, 1649-60
Suvodeep Sen	University of Limerick		24	Nickel Chalcogenides Hetero-nanostructures: Building Precise Nanocrystals via Colloidal Bottom-up Methods
Thi Xuan Thanh Tran	University College Dublin		24	24-7 Bridge Health Monitoring Using an Instrumented Vehicle Fleet (24-7Mon)
Thomas Soro	Technological University Dublin		24	Discourse and Hierarchy in Cultural Fields
Thomas Waller	University College Dublin		24	Semi-Peripheral Modernism: World-Literary Cultures in Portugal, Mexico, and South Africa
Vanessa Teckentrup	Trinity College Dublin		24	From correlation to causation – Using digital health technology to uncover the temporal dynamics of mental health
